

Paper Core Cutting Machine

CC-600A

Features

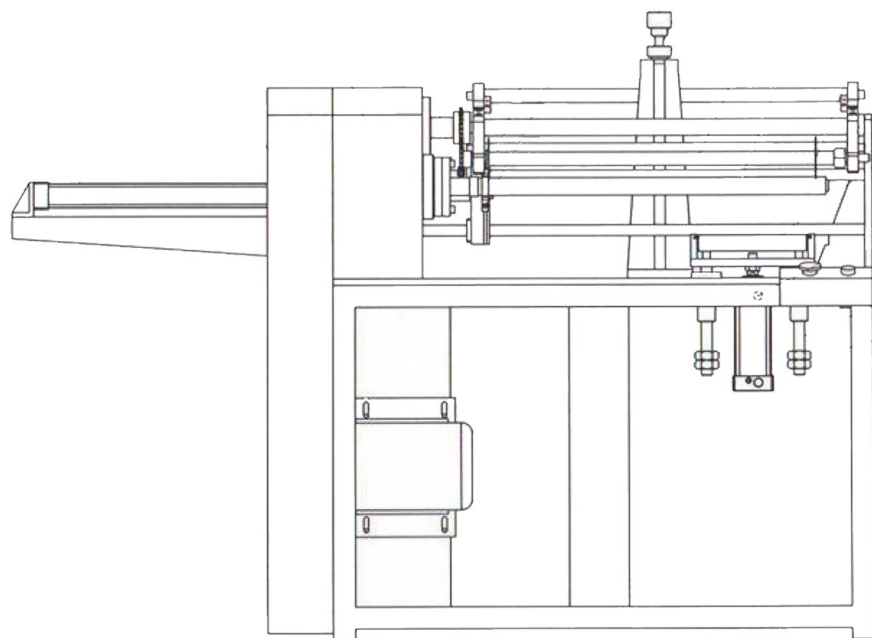

- ▶ Cutting 25mm to 76mm Core
- ▶ Mini Cutting Width: 10mm
- ▶ Cutting Thickness Width: 2-15mm
- ▶ With Auto-Unloading Function
- ▶ Cutting Different Size Core by Changing Shaft

We support you to be different!

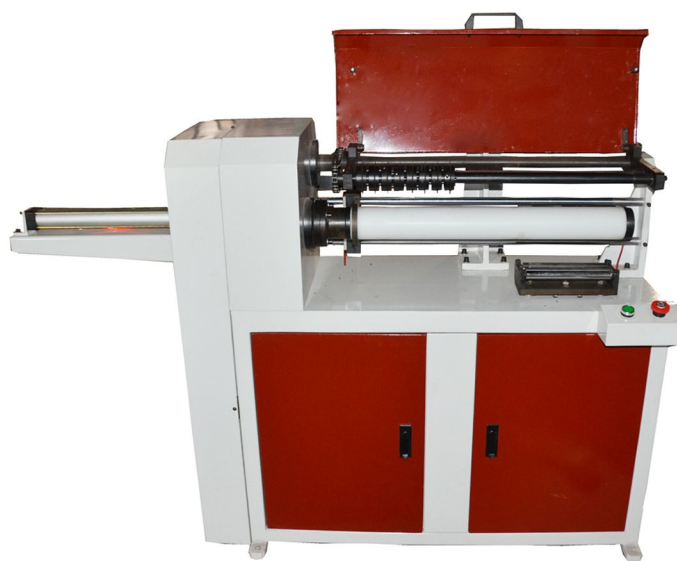

Paper Core Cutting Machine

CC-600A

Basic Specification

Model	CC-600A
Machine Width	1000mm
Machine Cutting Length	600mm
Mini Cutting Width	10mm
Qty of Blade	8pcs
Blade Type	Circle Blade
Cutting Thickness	2-15mm
Cutting Core Inner Dia.	25-120mm
Air Supply	0.5 Mpa
Power	220V, 50Hz, 1.1KW
N.W.	400kgs
Machine Dimension	1750x700x1500mm

Paper Core Cutting Machine

Policy and Guarantee

- ▶ 100% Test and Check Before Shipment.
- ▶ Detailed Instruction Manual.
- ▶ One Year Guarantee for All Key Parts.
- ▶ Installing and Operator Training Service Provided.
- ▶ Whole-Life Free Technical Support.
- ▶ Regular On-Site Routine Inspection.

About Us

We Strive To Show You Different Quality of Made-in-China Machines. We Are Committed To Design, Manufacture of High Quality and Professional Slitters/Rewinders Through Our Continual and Joint Effort.

With More than 20 Years Experienced Engineers and More Than 10 Design and Research Team, We Can Manufacture 800-3300MM Width, 100-800M/Min Speed Slitter/Rewinder and Turret Slitter for Film, Foil, Paper, Label, Ribbon and Other Kind of Material.

We Are Proud That Our Slitters/Rewinders Have Been Exported to More Than 25 Countries, Including USA, Switzerland, Italy, India and So On. We Could Support You To Be Different.
